It is my firm belief that the objectives of the Collie Health Foundation will be the path that leads to a better life for our beloved collies. The many dedicated volunteers that are the Foundation are devoting themselves to that end. Therefore, it has been an honor and great privilege to serve as President of this wonderful organization for the past four years. It gave me the opportunity to work with so many remarkable people, who all work so hard to make the Foundation the best it can be in order to serve and protect the Collie. Knowing the service that some of these people give to the Foundation, may give better insight into how this organization functions in order to meet its goals.

Lori Montero, not only puts out an amazing Newsletter three times a year, but is also the CHF Secretary – so she brings all motions to the Board and is responsible for all mailings to Board, Corporators and Members. She is always available to help out in any situation and is definitely the person to go to if you need something done. She exemplifies the Foundation spirit at Sunnybank, Getting to Know You and the National.

Nancy McDonald is a CHF Vice President and one of her many contributions was to reformat and maintain our website at [www.colliehealth.org](http://www.colliehealth.org), which is an awesome task. Nancy is our “idea lady” – and she comes up with some great ideas – one of which was to incorporate the use of PayPal for dues and donations and she brought that innovation about by virtue of her internet expertise. Nancy is also an important fixture at Sunnybank each year and many of her ideas have become Foundation traditions. She has always been a hard worker and extremely generous in her support of the Foundation, often giving CHF free advertising in her Collie Expressions magazine.

Carmen Leonard also serves as Vice President and Carmen took on the important job of replying to the many letters sent to our web site by owners whose collies have health problems or who have suffered the loss of their collie. By virtue of her vast experience, Carmen is often able to pass on good advice regarding their problems, or at the least recommend a source of help for them or lend a sympathetic ear. Carmen also chairs our Education Resource Committee which offers financial assistance to member clubs wishing to host health related seminars.

Robette Johns is the Collie Health Foundation Treasurer and has done a fantastic job of guarding and guiding the financial health of the Foundation for a number of years now. Besides keeping the books, paying all bills and depositing all income, she is also well versed on tax laws which is so important to retaining our standing as a not for profit organization. You can count on Robette to be at every one of the day auctions at CCA and she is always the last to leave after the night live auction.

We have two veterinarians on our Board of Directors, Dr. Cindi Bossart and Dr. David Hansen, and both have given unselfishly of their time and knowledge to help with the health problems of collies whose plight has been brought to our attention. They have the sincere gratitude of the Foundation and that of all of those whose lives they have improved by their assistance.

*(continued on Page 2)*

*(President's Report—continued from Page 1)*

Stephen Johns is Chairman of our very important Grants Committee, whose members include Dr. William Brokken, Gayle Kaye, Dr. David Hansen, Dr. Cindi Bossart and Mike Esch. Each year this committee spends many hours researching and evaluating the requests the Foundation receives from research institutions from around the country to make sure that those with the greatest promise of alleviating the health problems we have in our breed receive the necessary funding for their projects. Steve also coordinates our joint ventures with the AKCCHF.

Peggy Darington has been our Membership Chairman for a number of years and she does an incredible job at this overwhelming task. Keeping track of new members, renewing memberships, donations, etc. can be a full time job. Since Peggy also has a "day job" she is of late being ably assisted by Candi Sapp and Meredith Ponedel.

Laura LaBounty starts her work in organizing our Dinner and Auctions many months before the National Specialty. She contacts the caterer at the show site and arranges for the dinner menu and any equipment needed for our guest speaker and auctioneers and provides information for ads well in advance of the event. For months ahead of time she oversees the collection of donations for our auctions and sees to having a catalog printed for the Night Live Auction. She also arrives early to set up the tables for the silent auctions each day and arranges for appropriate decorations for the tables.

Pati Merrill and Gayle Kaye are our expert appraisers and they set the value to be assigned to each of our auction items. Beside the many wonderful and valuable donations we receive, Pati and Gayle are always on the lookout for special bargains that they purchase for our Night Auction at the National and the Annual Sunnybank event. Gayle had also set up our original website.

Gerrie Oliver is best known for her role as the Madam of Sunnybank due to the amazing job she and her committee does each year in making that such a special event; however, Gerrie is also the best person to call when you need help because you know anything she tackles will be done right. When Laura LaBounty was not able to attend the National held in Boise, Gerrie and her friend Annette Miller took over and handled each of the Auctions in grand style. And this year she will be filling in for Joanne Huff. Joanne usually does the scheduling of Corporators to man the auction tables during our Silent Auctions each day and this year Joanne will be kept too busy with her jobs for the National, so Gerrie stepped forward once again and offered to substitute for her.

Leigh Cohen has been a great supporter of Sunnybank and the Foundation. Leigh did a great job decorating the tables at the Dinner/Auction in NC.

One person that never needs to be scheduled to work our auction table is Norman Markese as you can depend on Norman to be there all day, every day and he has done that for years. Norman is also a traditional worker at Sunnybank each year.

Michele Brane does a wonderful job creating all our advertising with artistic and innovative ideas. Michele is also in charge of our Junior Handler Program and makes up the Certificates presented to Juniors that win at Member Club Specialties and at each Junior Showmanship class at CCA. She also arranges for yearly CHF memberships to be awarded to each of those winners.

Diane Kwiatkowski is in charge of all Promotion Sales. She and her crew do an incredible job of stocking, transporting and displaying Collie Health Foundation merchandise that is for sale at each National and at Sunnybank, as well as filling mail orders all year round.

Judy Porter is in charge of filling the requests for the Bloat Kits that are supplied by Dr. Cindi Bossart.

Jeanne Marre has done an incredible job of handling all aspects of our Elections that are held every two years.

Jim Efron, Bob Kelly and Grant Merrill are our talented Auctioneers at the Live Auctions held for the Foundation.

Roz Durham arrives at each National with a suitcase full of goodies that she has purchased to donate to our auctions.

Gary Jordan gives us the use of his popular Collies Online for announcements and ads and has always been a generous supporter of the Collie Health Foundation in every way.

So many others also contribute to the well being of the Foundation with their time, talent and support. My sincere thanks go to all of you. It is you, the volunteers, that make the Foundation the extraordinary organization that it is.

*Helga*

CHF "NEWS YOU CAN USE" ...

**Planning a Seminar?**

In order to bring our Collie Fanciers the latest health information, The Collie Health Foundation's Education Resource Committee is ready to accept applications for financial assistance to CHF Member Clubs seeking to host educational seminars.

Applications should be submitted to:

Carmen Leonard, Chairman  
 CHF Education Resource Committee  
 255 A.R. Oliver Road  
 Scottsville, KY 42164  
 or call (270) 622-8327 for details.

CHF Education Resource Committee members include Patt Caldwell and Brenda Shreve.

**Planning a Specialty Show?  
 Need a trophy for Best Junior Handler?**

The Collie Health Foundation is pleased to offer a Foundation membership as a trophy for Best Junior Handler to each member club, once a year, at (one of) the member club's specialty show. Interested member clubs should request an application by contacting :

Michele Brane  
 155 Silene  
 Pittsboro, NC 27312  
 Phone: (919) 542-3010  
 Email: Michele@branestorm.com

The Foundation is pleased to support our junior handlers ...  
 future protectors and champions of our beloved breed!

GRANTS COMMITTEE REPORT FOR 2007

Stephen M. Johns, Chairman

The Collie Health Foundation Board of Directors voted to fund three grants in 2007. They are:

1. "Is the MDR-1 Gene Associated with treatment Response in Collies with Epilepsy?"  
Researcher: Karen Munana, DVM, MS Associate Professor  
Department of Clinical Services  
College of Veterinary Medicine  
North Carolina State University  
Term: 1 year  
Amount: \$6,708
2. "Pregabalin Therapy for Refractory Idiopathic Epilepsy in Dogs"  
Researcher: Curtis W. Dewey, DVM, MS Associate Professor  
Department of Clinical Services  
College of Veterinary Medicine  
Cornell University  
Term: 1 year  
Amount: \$8,860
3. Donation to the Donor Advised Fund of the American Kennel Club Canine Health Foundation.  
Amount: \$50,000

There were a limited number of opportunities for funding good research in 2007. The Grants Committee (Cindy Bossart, DVM, William K. Brokken, MD, Michael Esch, David Hansen, DVM, and Gayle Kaye) is currently evaluating a large number of grant applications for 2008 and expects to be able to recommend funding of quite a few more grants in 2008.

AMERICAN KENNEL CLUB  
CANINE HEALTH FOUNDATION

FOR IMMEDIATE RELEASE

Date: February 5, 2008

Contact: Jeff Sossamon

Phone: 919-334-4010

AKC Canine Health Foundation Receives \$50,000  
Contribution from the Collie Health Foundation

RALEIGH, NC – The Collie Health Foundation has continued its dedication to funding canine health studies by their recent generous contribution of \$50,000. The donation, which will be temporarily restricted to the Collie Donor Advised Fund, brings the organization's total giving to CHF to over \$203,000!

Canine health initiatives funded through the Charitable Foundation include studies in hemangiosarcoma, endocrine disorders, epilepsy, and bloat. Current studies being funded through the Collie Health Foundation include progressive retinal atrophy (PRA) studies at the College of Veterinary Medicine at Michigan State University. PRA is a common cause of blindness in purebred dogs including Old English Sheepdogs and Papillons. By combining forces with these two groups, the Collie Health Foundation maximized their funding and support for this disease.

"Having been founded in 1986 as the Collie Club of America Foundation, Inc., the Collie Health Foundation has been a leader and model for canine research ever since. We are very pleased to be able to work with the AKC Canine Health Foundation in funding research into health problems of our Collies," said Helga Kane, President of the Collie Health Foundation.

"We are so grateful to the Collie Health Foundation for their continuing support and confidence in the research we fund," states Cindy Vogels, president of the AKC Canine Health Foundation. "The Foundation is so fortunate to partner with this amazing sister foundation as we work toward helping all our dogs live longer and stronger."

The Collie Health Foundation is recognized as a "Builder" in the Founder's Society at the AKC CHF.

###

Founded in 1995 by the American Kennel Club, the **AKC Canine Health Foundation** is the largest nonprofit worldwide to fund health research exclusively for canines. We work to raise the awareness and funds necessary to support non-invasive, innovative health research that helps dogs and their owners live longer and stronger. Through the financial support of the **American Kennel Club, Nestle Purina PetCare Co.,** and the generosity of your donations – both large and small – we have allocated more than \$20 million to canine health research which will benefit all dogs.

## AKC / Canine Health Foundation

### Final Progress Report

**Date Report Received:** August 20th, 2007

**Grant #:** 2434      **Title:** Recombinant Thyrotropin (TSH): Standard for the Next Generation of Canine TSH Immunoassays with Improved Sensitivity

**Principal Investigator:** Duncan Ferguson, DVM, PhD

**Research Institute:** University of Georgia

**Performance Summary:** The purpose of this study is to study hypothyroidism in dogs. This is a very common hormonal abnormality in dogs which may cause hair loss and skin infections. In humans, serum levels of the pituitary hormone thyrotropin (TSH) has been used as a detector of thyroid glandular insufficiencies. However, this detector has not been useful for dogs. Therefore, this study searches to improve the current and future immunoassay sensitivity based upon a pure recombinant canine TSH hormone standard by expressing and purifying recombinant canine TSH in high quantities and validate its use.

The investigator has successfully completed the genetic phase of the project and has been able to produce reasonable quantities of high purity of canine TSH *in vitro*. The investigator was not able to establish stable cell lines expressing cTSH, but the transient transfections of cells using the PEAK method has been able to generate sufficient quantity of cTSH protein devoid of contaminating LH and FSH. The study showed the need to remove LH and FSH during protein purification in order to obtain a sensitive enough antibody for cTSH. Unfortunately, the investigator was not able to generate an anti-cTSH monoclonal or polyclonal antibody that is able to be used in a canine TSH assay widespread.

At the completion of the study, a more sensitive assay for detecting cTSH levels has not been developed but cTSH was purified using a recombinant DNA which is better quality than previously used cTSH for antibody generation and standards.

**Objectives completed:** Completed. 8/10 complete and 2/10 deferred with previous approval.

### Publications:

Presentations—June 2007—ACVIM Annual Forum, Seattle, WA: *Understanding the Canine TSH Assay: Its Strengths, Weaknesses and Future.*

Planned Publications—”Expression and purification of recombinant canine TSH and its standardization for diagnostic immunoassay”, to submit to *Veterinary Clinical Pathology*.

**Significant Accomplishments:** High quality cTSH was produced from recombinant DNA and purified. This DNA can be used for cTSH standards and development of a more sensitive cTSH measurement assay.

**Come join us... Memorial Day Weekend  
Collie Club of Alabama's 11th Annual  
"Getting To Know You 2008"**

***May 23rd -26th, 2008***
